*Highlighting the
onion family*

Bandit Leeks

Cabernet Red Onion

Parade Bunching Onion (Scallion)

Candy Sweet Onion

Spring or fall planting

Onions can be planted in the spring or fall seasons. Plant onions in early fall in warm soil so a strong root system will be established before winter sets in. As winter arrives, the onion crop goes dormant. Then, in early spring as temperatures and soil warm again, the onions come back to life.

606 Variety Packs

Tuscan Garden

Heirloom Garden

Signature Salad

Cabbage Patch & Pals

Asian Stir Fry

Colourful Veggie Garden

Rainbow Cauliflower

Super Foods

Variety is the spice of life...

Tomatoes

Beefsteak Tomato (Slicing)

Black Cherry Tomato (Cherry)

Black Prince Tomato (Slicing)

Which type?

For the various ways of eating or cooking, be sure to plant an assortment of tomatoes.

Cherry tomatoes

- sweet and crisp; popular for snacking and salads.

Grape tomatoes

- crisp & crunchy; oval shape; perfect for snacking.

Paste or sauce tomatoes

- Italian plum; lower water content makes them good for sauces, stews, pastes, and drying.

Slicing tomatoes

- large-sized fruits; very juicy flavourful; popular for burgers, sandwiches, grilling and Caprese salads.

Candyland Tomato (Cherry)

Celebrity Tomato (Slicing)

Early Girl Tomato (Slicing)

"Knowledge is knowing a tomato is not a fruit. Wisdom is knowing not to put it in fruit salad."

Green Grapes Tomato (Cherry)

Determinate or "bush" varieties are more compact in size - most maxing at a meter tall. These compact plants tend to fruit all at once. Most bush tomatoes are good for container growing and could benefit with some support.

La Roma Tomato (Paste)

Legend Tomato (Slicing)

*Tomatoes
love the
Sun!*

Lemon Boy Tomato (Slicing)

Little Bing Tomato (Cherry)

Mortgage Lifter Tomato (Slicing)

Patio Tomato (Slicing)

Red Cherry Tomato (Cherry)

Indeterminate varieties will get large and need support so stake or cage plants early. These plants are best planted in the ground. They tend to produce fruit throughout the season until the first hard frost.

San Marzano Tomato (Paste)

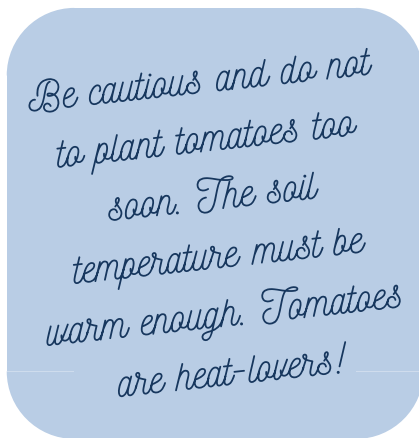

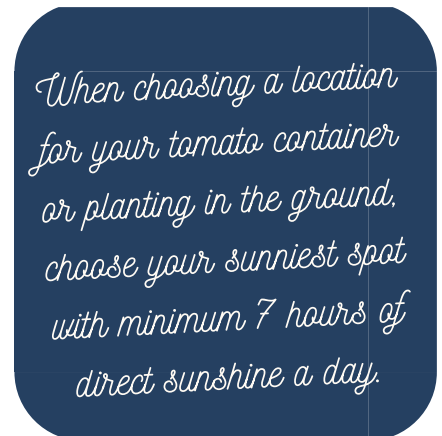

Sugar Gloss Tomato (Cherry)

Sungold Tomato (Cherry)

Super Fantastic Tomato (Slicing)

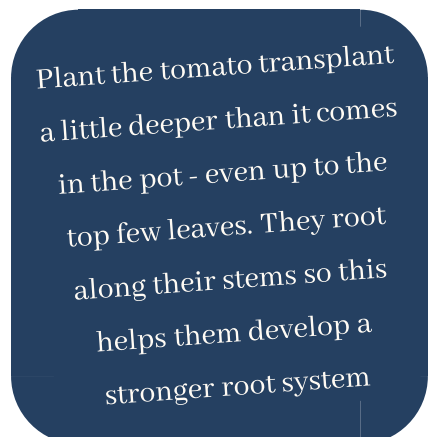

Sweet 100 Tomato (Cherry)

Sweet Hearts Tomato (Grape)

Sweet Million Tomato (Cherry)

Sweet 'n Neat Tomato

Tumbler Tomato (trailing)

Everleaf Emerald Tower Basil

Genovese Italian Basil

Basil needs
heat and sun
to thrive.

Newton Basil

Herbs

"Herbs are the friend of the physicians and the pride of cooks"

Charlemagne

Red Rubin Basil

Thai Basil

Sweet, anise-like
scent and hints of
licorice flavour.

Chives

Prefers cooler weather. It grows
best in a well-drained, moist soil.

Santos Cilantro (Coriander) ^{P. 14}

Likes sunlight and fertile, well-draining soil.

Fernleaf Dill

Bandera Pink Lavender

Spanish lavender like cooler temps so perfect for early spring.

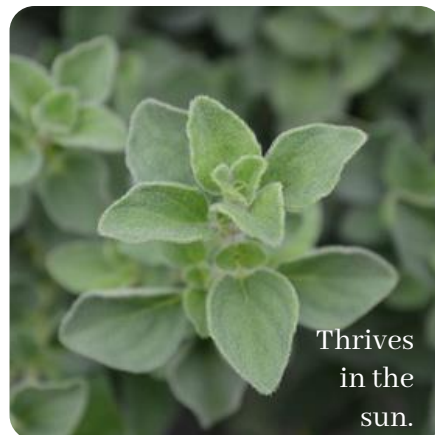

Bandera Purple Lavender

Lemon Verbena

Mojito Mint

Thrives in the sun.

Oregano

Dark Italian Flat Leaf Parsley

Darki Curled Parsley

Rosemary

Sage

Prefers well-drained, fertile soil.

Sugar Love Stevia

Thyme

The love of gardening is a seed once sown never dies.
